

TRANSELF TRP 75W-80

Extreme pressure lubricant based on synthetic technology for very heavy duty manual gearboxes.

USES

Mechanical gearboxes in cars

- Lubricant adapted to RENAULT vehicles with « P » family gearboxes.
- Generally this lubricant meets the requirements of the mechanical gearboxes of cars which are fitted with brass synchromesh rings (single or multi-cone shape).

PERFORMANCES

API GL4+

- Satisfies the international API specification.
- Approved and recommended by RENAULT for PK6 gearboxes (excepted vans).

APPROVED BY RENAULT

CLIENTS BENEFITS

Easy driving by any weather

- Improves speeds changings at low temperature thanks to its good cold flow properties.
- Avoids noisy problems when changing speeds thank to its good shear stability ensuring a sufficient viscosity at high temperature (« stay-in-grade »).
- Prevents from difficult disengagements of the speeds and from cracks thanks to its specific formulation.

Operation under heavy load

- Gives good protection of gear teeth even under most severe stresses thanks to its extreme pressure properties.
- Maintains good speeds changings all along the gearbox life with its outstanding friction behaviour.
- Reinforces protection against wear, especially regarding to gearbox mechanical devices.

Long lifetime of the gearbox

- Excellent thermal stability and oxidation resistance.
- Very high resistance to shear.
- Outstanding anti-rust and anti-corrosion capability.

CHARACTERISTICS

	Unit	Grade 75W-80
Density at 15 °C	---	0.854
Kinematic viscosity at 40°C	mm ² /s	45.7
Kinematic viscosity at 100 °C	mm ² /s	8.8
Pour point	°C	< -42

The values in this table are typical values given as an indication
